

2023 EULab Roundtable on Labour Migration *Migrants' Self-Employment and Entrepreneurship*

Monday, 3rd July 2023
16:00 – 18:30

Call for insights
(updated: 15th February 2023)

On 3 July 2022, the EULab Summer School will host a Roundtable addressing the issue of Self-employment and Entrepreneurship of Migrants.

Different examples of migrants' entrepreneurship may be taken into account: starting from businesses for same-country nationals and/or foreign residents in general, to business for all inhabitants of a territory (town, region, etc.). Their common focus is to increase the quality of work as well as to offer a path toward economic and social integration.

The sharing of practices and experiences of self-employment in Italy – including services for training and orientation for entrepreneurship – will be the occasion to develop a common reflection on social policy drawing in the perspective of the shape of ‘inclusive territories’.

During the Roundtable, policy makers at local, regional and national level, as well as stakeholders in these fields – including lawyers, NGO workers and representatives of migrant workers’ communities–, may present their experiences.

The 2023 Labour Roundtable will offer a space for gathering views of academics and practitioners upon a subject that is increasingly present when discussing economic and social growth of TCNs.

Organization

Besides the Participants to the Summer School, additional attendees (policy makers, lawyers, NGOs workers and representatives of migrant workers’ communities) will contribute to the 2023 EULab Roundtable. The event will be open to the general public. In the days preceding the event (and by 27 June 2023 at the latest), each participant will be invited to submit a short abstract (max 500 words) or bullet points of their intervention on ‘Migrants’ Self-Employment and Entrepreneurship’.

Following the introduction by the Chair of the EULab Roundtable, attendees will express their views on the subject of the Roundtable. Each participant will be encouraged to speak, in order to allow a follow up dialogue with the general public.
